**A. COMPANY INFORMATION**

1. Name of the Company: \_\_\_\_\_

2. Address: \_\_\_\_\_

3. Contact Details:

Contact Person: \_\_\_\_\_

Designation: \_\_\_\_\_

Tel/Fax Nos.: \_\_\_\_\_

Email Address: \_\_\_\_\_

4. Provide details of the following:

a. Company ownership/shareholdings, organizational structure, nature, and functions. Substantiate your submission with articles of incorporation and by-laws, certificate of incorporation, organizational chart, annual report, and/or any relevant brochures or pamphlets of your company.

\_\_\_\_\_  
 \_\_\_\_\_

b. Full description of all the products that your company manufactures and sells in the domestic market including their physical characteristics, material components, production processes, distribution channels, and functions/uses. If the products involve a number of models/types, the details must include all models/types manufactured. Substantiate your submission with product brochures/catalogues, specifications, and flowchart of production processes.

\_\_\_\_\_

## B. THE SUBJECT IMPORTED PRODUCT(S) UNDER REVIEW

5. Provide details on the following:

|   | Subject Imported Product(s) | Domestic Product(s) Produced in the Philippines  | Domestic Product(s) in the Exporting Country  |
|---|-----------------------------|--|---|
| <b>a. Subject Product</b>   |                             | Like product to subject imported product?<br><input type="checkbox"/> Yes <input type="checkbox"/> No<br>(if no, kindly provide justification below)   | Like product to subject imported product?<br><input type="checkbox"/> Yes <input type="checkbox"/> No<br>(if no, kindly provide justification below)  |
| <b>b. Product description</b>   |                             |  |   |
| <b>c. Model/Type</b>  |                             |  |   |
| <b>d. Tariff Classification</b>   |                             |  |   |
| <b>e. Physical Characteristics</b>  |                             |  |   |
| <b>f. Material Component</b>  |                             |  |   |
| <b>g. Function/uses</b>   |                             |  |   |
| <b>h. Production Process</b>  |                             |  |   |
| <b>i. Distribution Channels</b>   |                             |  |   |
| <b>j. Name of the Country of Origin/export as source of the subject product(s)</b>  |                             |  |   |
| <b>k. Justification</b>   |                             | If the product(s) you manufacture is not identical to the product(s) under review, please give details and explain how you consider that they closely resemble the imported product(s) under review. | If the like product(s) sold in the domestic market of the exporting country is not identical to the product(s) under review, please give details and explain how you consider that they closely resemble the subject imported product(s). |
| <b>Reminder: Kindly substantiate your submission with documentary evidence (i.e. product brochures/catalogues, specifications, and flowchart of production processes)</b> |                             |  |   |

6. Provide details on the following:

a. Names and addresses of foreign producers and/or exporters from the specific exporting country supplying the subject product(s) to the Philippines.

---

---

b. Other countries known to be exporting the subject product(s) to the Philippines.

---

---

c. Names and addresses of known Philippine importers of subject product(s).

---

---

d. Relationship between your company and other firms, both domestic or foreign, engaged in the production, export and import of the subject product(s). Substantiate your submission with documentary evidence.

---

---

7. Are you aware of any anti-dumping action taken on subject product(s) by other countries? Substantiate your submission with documentary evidence.

---

---

### C. EXPORT PRICE

8. Provide the export price for each type/model of the subject imported product(s) sold to customers in the Philippines during the period of review (last twelve (12) months preceding the date of the application) on a monthly basis. Export price is normally the ex-factory price at the point of sale for export; or the price assessed at the freight-on-board (FOB) level at the point of shipment. Substantiate your submission with documentary evidence, such as, Bureau of Customs (BOC) Single Administrative Documents (SAD) importer’s purchase order, price list, sales contract, commercial invoices, bills of lading, letters of credit, and proof of payment of costs in relation to export sales.

#### Export Price to the Philippines Period<sup>1</sup>: \_\_\_\_\_

| Name of Customer | Level of Trade <sup>2</sup> | Relationship (Y/N) <sup>3</sup> | Model / Type | Invoice Number | Payment Terms | Quantity <sup>4</sup> | Gross Sales Value <sup>5</sup> | Net Unit FOB Price <sup>6</sup> |
|------------------|-----------------------------|---------------------------------|--------------|----------------|---------------|-----------------------|--------------------------------|---------------------------------|
|                  |                             |                                 |              |                |               |                       |                                |                                 |
|                  |                             |                                 |              |                |               |                       |                                |                                 |

If the export prices in item C.8 are other than FOB in the country of export, please provide details of other costs incurred in relation to the export sale of subject product(s) to the Philippines, such as freight from border to port, overseas freight, overseas insurance, Philippine customs duty, customs agent fee in the Philippines, and port and transport costs in the Philippines.

---

---

<sup>1</sup> Specify year and month

<sup>2</sup> For example, wholesaler, distributor, end-user.

<sup>3</sup> Relationship between the buyer and seller (exporter). If yes, provide a separate explanation of the relationship.

<sup>4</sup> Specify unit of measurement.

<sup>5</sup> Specify unit of currency (and exchange rate, if applicable).

<sup>6</sup> Excluding post-exportation charges incurred after factory and up to FOB in the country of export. Such costs may include export packing, storage, inland freight from factory to port/border, insurance, handling, export taxes, export inspection fees, customs brokers’ fees, commission, and other fees and taxes.

## D. NORMAL VALUE

9. Provide the normal value for each model/type of subject imported product(s) during the period of review (last twelve (12) month preceding the date of the application) on a monthly basis. Normal value is generally the price for domestic sales in country of export/origin. Indicate any factors affecting the comparability of prices for export sales and domestic sales, e.g., quantities sold, conditions and terms of sales, level of trade, taxation, or physical differences. Substantiate your submission with documentary evidence, such as price list, commercial invoices, basis for the grant of discounts or rebates, commissions or royalties or other consideration or reimbursements made in respect of the selling price, and proof of payments of costs in relation to domestic sales.

### Domestic Selling Price in the Exporting Country Period<sup>7</sup>: \_\_\_\_\_

| Name of Exporter(s) | Level of Trade <sup>8</sup> | Relationship (Y/N) <sup>9</sup> | Model / Type | Invoice Number | Payment Terms | Quantity <sup>10</sup> | Gross Sales Value <sup>11</sup> | Net Unit Selling Price <sup>12</sup> |
|---------------------|-----------------------------|---------------------------------|--------------|----------------|---------------|------------------------|---------------------------------|--------------------------------------|
|                     |                             |                                 |              |                |               |                        |                                 |                                      |
|                     |                             |                                 |              |                |               |                        |                                 |                                      |

---

<sup>7</sup> Specify year and month.

<sup>8</sup> For example, wholesaler, distributor, end-user.

<sup>9</sup> Relationship between the buyer and seller (exporter). If yes, provide a separate explanation of the relationship.

<sup>10</sup> Specify unit of measurement.

<sup>11</sup> Specify unit of currency (and exchange rate, if applicable).

<sup>12</sup> Excluding cost allowances directly linked to the sale of subject product and such other adjustments between your domestic and export sales affecting price comparability. Cost adjustments may include differences in packing, inland freight, insurance, storage, handling, credit interest, taxes, sales incentives, commissions, warehousing/storage, and other FOB charges.

If the normal value in D.9 is not possible to establish in the country of origin, please provide any of the following alternative normal values for each model/type of subject imported product(s) during the period of review on a monthly basis, to wit:

a. Export Price to a Third Country Market:

**Export Price to a Third Country by the Exporter**  
**Period<sup>13</sup>: \_\_\_\_\_**

| Name of Exporter(s) | Level of Trade <sup>14</sup> | Relationship (Y/N) <sup>15</sup> | Model / Type | Invoice Number | Payment Terms | Quantity <sup>16</sup> | Gross Sales Value <sup>17</sup> | Net Unit FOB Price <sup>18</sup> |
|---------------------|------------------------------|----------------------------------|--------------|----------------|---------------|------------------------|---------------------------------|----------------------------------|
|                     |                              |                                  |              |                |               |                        |                                 |                                  |
|                     |                              |                                  |              |                |               |                        |                                 |                                  |

Indicate reasons for the nomination of the third country and submit documentary evidence, such as BOC SAD, importer's purchase order, sales contract, commercial invoices, bills of lading, letters of credit, and proof of payments of costs in relation to export sales.

---

---

If the export prices to a third country market are other than FOB in the country of export, please provide details of other costs incurred in relation to the export sale of subject product to other countries such as: freight from border to port, overseas freight, overseas insurance, customs duty in the importing country, customs agent fee, port and transport costs in the importing country. Substantiate your submission with documentary evidence.

---

---

<sup>13</sup> Specify year and month.

<sup>14</sup> For example, wholesaler, distributor, end-user.

<sup>15</sup> Relationship between the buyer and seller (exporter). If yes, provide a separate explanation of the relationship.

<sup>16</sup> Specify unit of measurement.

<sup>17</sup> Specify unit of currency (and exchange rate, if applicable).

<sup>18</sup> Excluding post-exportation charges incurred after factory and up to FOB in the country of export. Such costs may include export packing, storage, inland freight from factory to port/border, insurance, handling, export taxes, export inspection fees, customs brokers' fees, commission, and other taxes.

b. Constructive Value in the Exporting Country:

**Cost to Produce and Sell Per Unit**  
**Period<sup>19</sup>: \_\_\_\_\_**

| <b>Particulars</b>               | <b>Model Exported to the Philippines</b> | <b>Comparable Domestic Model</b> | <b>Comparable Model Exported to Other Countries</b> |
|----------------------------------|--|----------------------------------|---|
| Model/Type                       |  |                                  |   |
| Raw Materials <sup>20</sup>      |  |                                  |   |
| Total Raw Materials Cost         |  |                                  |   |
| Direct Labor                     |  |                                  |   |
| Manufacturing Overhead           |  |                                  |   |
| Other Costs <sup>21</sup>        |  |                                  |   |
|                                  |  |                                  |   |
| Costs of Production              |  |                                  |   |
| Selling Costs                    |  |                                  |   |
| General and Administration Costs |  |                                  |   |
| Financial Costs                  |  |                                  |   |
| Delivery Expenses                |  |                                  |   |
| Other Costs <sup>22</sup>        |  |                                  |   |
|                                  |  |                                  |   |
| Unit Cost to Produce and Sell    |  |                                  |   |
| Mark-up/Margin of Profit (%)     |  |                                  |   |

Where the figures show that differences in specifications exist between articles sold to the domestic market and those sold for exports, please provide details of these differences. Submit documentary evidence, such as proof of payment for each cost, i.e., invoices for raw material purchases; payrolls of personnel directly involved in the production; invoices and/or accounting records showing payments of overhead, selling, administrative and general expenses (SAGE) and finance costs.

\_\_\_\_\_  
 \_\_\_\_\_

<sup>19</sup> Specify year and month.

<sup>20</sup> Include indirect material costs as a separate item only if not included in manufacturing overhead.

<sup>21</sup> Relating to costs of production only; identify each cost separately.

<sup>22</sup> Identify each cost separately. Please ensure non-operating expenses that relate to the subject articles are included.

c. Best Information Available

If none of the above is available, please provide normal value of each model/type of subject imported product(s) on the basis of best information available to you during the period of review. Submit documentary evidence to substantiate your calculation.

---

---

**E. DUMPING MARGIN**

10. Provide the margin of dumping and your calculation thereof between the normal value and export price for each type/model of subject product(s).

| Name of Exporter(s) | Subject Product(s) | Normal Value | Export Price | Dumping margin |                   |
|---------------------|--------------------|--------------|--------------|----------------|-------------------|
|                     |                    |              |              | Absolute Terms | % of Export Price |
|                     |                    |              |              |                |                   |
|                     |                    |              |              |                |                   |

## F. INJURY FACTORS

### 11. Volume of Dumped Imports

- a. Provide import data (volume and value) of the subject product(s) during the period of review (last three (3) years preceding the date of application and the current year to which data is available) and estimate importations for the following year in the event that the anti-dumping duty expires. Indicate the source(s) of your data and give the basis of your estimates.

| Particular                        | Year 1 |       | Year 2 |       | Year 3 |       | Current Year |       | Estimates for the Following Year |       |
|-----------------------------------|--------|-------|--------|-------|--------|-------|--------------|-------|----------------------------------|-------|
|                                   | Volume | Value | Volume | Value | Volume | Value | Volume       | Value | Volume                           | Value |
| Subject Exporting Country(s)      |        |       |        |       |        |       |              |       |                                  |       |
| Top Three (3) Exporting Countries |        |       |        |       |        |       |              |       |                                  |       |
| Rest of the World                 |        |       |        |       |        |       |              |       |                                  |       |
| Total                             |        |       |        |       |        |       |              |       |                                  |       |

- b. Provide details how this factor is indicative of material injury and/or why the expiry of the anti-dumping duty is likely to lead to the continuation or recurrence of dumping and injury.

---

---

- c. Substantiate any significant increase of dumped imports into the Philippine market indicating the likelihood of substantially increased importation if the anti-dumping duty is to expire.

---

---

- d. Provide details on your company's own imports of subject product(s), if any, and state the reason for importing the product(s). Provide documentary evidence to substantiate your submission.

| Particular                    | Year 1 |       | Year 2 |       | Year 3 |       | Current Year |       | Estimates for the Following Year |       |
|-------------------------------|--------|-------|--------|-------|--------|-------|--------------|-------|----------------------------------|-------|
|                               | Volume | Value | Volume | Value | Volume | Value | Volume       | Value | Volume                           | Value |
| Subject Exporting Country(s)  |        |       |        |       |        |       |              |       |                                  |       |
| Top Three Exporting Countries |        |       |        |       |        |       |              |       |                                  |       |
| Rest of the World             |        |       |        |       |        |       |              |       |                                  |       |
| Total                         |        |       |        |       |        |       |              |       |                                  |       |

## 12. Price Effects

- a. Provide the actual prices per unit of the subject product(s) during the period of review (last three (3) years preceding the date of application and the current year to which data is available) and price estimates per unit for the following year in the event that the anti-dumping duty expires. Indicate the source(s) of your data and give the basis of your estimates.

| Particular                        | Year 1 | Year 2 | Year 3 | Current Year | Estimates for the Following Year |
|-----------------------------------|--------|--------|--------|--------------|----------------------------------|
| Domestic ex-factory selling price |        |        |        |              |                                  |
| Landed cost of imports from:      |        |        |        |              |                                  |
| Subject exporting country         |        |        |        |              |                                  |
| Other sources                     |        |        |        |              |                                  |
| Domestic selling price            |        |        |        |              |                                  |
| Cost to produce and sell          |        |        |        |              |                                  |
| Profit margin/Mark-up (%)         |        |        |        |              |                                  |

- b. Provide details how this factor is indicative of material injury and/or why the expiry of the anti-dumping duty is likely to lead to the continuation or recurrence of dumping and injury.

---

---

- c. Indicate if the subject product(s), entering the Philippines at depressed and/or suppressed prices, is likely to intensify the demand for further imports. Substantiate your submission with documentary evidence.

---

---

13. Relevant Economic Factors and Indices Having a Bearing on the State of the Company

Supply the following information for each product under review (per type/model) during the period of review (last three (3) years preceding the date of application and the current year to which data is available) and give estimates for the following year in the event of the expiry of the duty. Indicate the source(s) of your data and give the basis of your estimates.

a. Market Share

| Particulars | Year 1 |   | Year 2 |   | Year 3 |   | Current Year |   | Estimates for the Following Year |   |
|-------------|--------|---|--------|---|--------|---|--------------|---|----------------------------------|---|
|             | Volume | % | Volume | % | Volume | % | Volume       | % | Volume                           | % |
|             |        |   |        |   |        |   |              |   |                                  |   |

Provide details how this factor is indicative of material injury and/or why the expiry of the anti-dumping duty is likely to lead to the continuation or recurrence of injury.

---

---

b. Capacity Utilization

| Particular                          | Year 1 | Year 2 | Year 3 | Current Year | Estimates for the Following Year |
|-------------------------------------|--------|--------|--------|--------------|----------------------------------|
| Annual rated capacity <sup>23</sup> |        |        |        |              |                                  |
| Actual production                   |        |        |        |              |                                  |
| Capacity utilization rate           |        |        |        |              |                                  |

Provide details how this factor is indicative of material injury and/or why the expiry of the anti-dumping duty is likely to lead to the continuation or recurrence of injury.

---

---

c. Production and Sales

| Particular     | Year 1 |       | Year 2 |       | Year 3 |       | Current Year |       | Estimates for the Following Year |       |
|----------------|--------|-------|--------|-------|--------|-------|--------------|-------|----------------------------------|-------|
|                | Volume | Value | Volume | Value | Volume | Value | Volume       | Value | Volume                           | Value |
| Production     |        |       |        |       |        |       |              |       |                                  |       |
| Domestic Sales |        |       |        |       |        |       |              |       |                                  |       |
| Export Sales   |        |       |        |       |        |       |              |       |                                  |       |

<sup>23</sup> Specify whether nominal or effective. Please submit calculation for effective rated capacity.

Provide details how this factor is indicative of material injury and/or why the expiry of the anti-dumping duty is likely to lead to the continuation or recurrence of injury.

---

---

d. Profitability

Submit copies of your company’s audited financial statements including Notes to Financial Statements. Submit also statements/schedules on cost of goods sold, cash flow, depreciation/amortization, and long-term liabilities.

If your company has multiple products, submit separate statements of income and related statements/schedules of accounts specific to the subject article. This information should be reconcilable to your company’s income statement. Provide a detailed breakdown of each cost component and the basis of allocation made.

| Particular                      | Year 1 | Year 2 | Year 3 | Current Year | Estimates for the Following Year |
|---------------------------------|--------|--------|--------|--------------|----------------------------------|
| Sales volume                    |        |        |        |              |                                  |
| Sales revenue                   |        |        |        |              |                                  |
| Cost of sales                   |        |        |        |              |                                  |
| Gross profit                    |        |        |        |              |                                  |
| Operating expenses:             |        |        |        |              |                                  |
| Variable                        |        |        |        |              |                                  |
| Fixed                           |        |        |        |              |                                  |
| Income (Loss) from operation    |        |        |        |              |                                  |
| Income (Loss) before income tax |        |        |        |              |                                  |
| Net income (loss) after tax     |        |        |        |              |                                  |

Provide details how this factor is indicative of material injury and/or why the expiry of the anti-dumping duty is likely to lead to the continuation or recurrence of injury.

---

---

e. Cost of Production

Present separate costs for each product model/type. Provide a detailed breakdown of each cost component and the basis of allocation made.

| Particulars              | Year 1 |       | Year 2 |       | Year 3 |       | Current Year |       | Estimates for the Following Year |       |
|--------------------------|--------|-------|--------|-------|--------|-------|--------------|-------|----------------------------------|-------|
|                          | Volume | Value | Volume | Value | Volume | Value | Volume       | Value | Volume                           | Value |
| Production volume        |        |       |        |       |        |       |              |       |                                  |       |
| Direct raw materials     |        |       |        |       |        |       |              |       |                                  |       |
| Direct labor             |        |       |        |       |        |       |              |       |                                  |       |
| Manufacturing overhead   |        |       |        |       |        |       |              |       |                                  |       |
| Total cost to produce    |        |       |        |       |        |       |              |       |                                  |       |
| Operating expenses:      |        |       |        |       |        |       |              |       |                                  |       |
| Variable                 |        |       |        |       |        |       |              |       |                                  |       |
| Fixed                    |        |       |        |       |        |       |              |       |                                  |       |
| Cost to produce and sell |        |       |        |       |        |       |              |       |                                  |       |

Provide details how this factor is indicative of material injury and/or why the expiry of the anti-dumping duty is likely to lead to the continuation or recurrence of injury.

---

---

f. Inventory

| Particular     | Year 1 |       | Year 2 |       | Year 3 |       | Current Year |       | Estimates for the Following Year |       |
|----------------|--------|-------|--------|-------|--------|-------|--------------|-------|----------------------------------|-------|
|                | Volume | Value | Volume | Value | Volume | Value | Volume       | Value | Volume                           | Value |
| Raw materials: |        |       |        |       |        |       |              |       |                                  |       |
| Local          |        |       |        |       |        |       |              |       |                                  |       |
| Imported       |        |       |        |       |        |       |              |       |                                  |       |
| Finished good  |        |       |        |       |        |       |              |       |                                  |       |

Provide details how this factor is indicative of material injury and/or why the expiry of the anti-dumping duty is likely to lead to the continuation or recurrence of injury.

---

---

g. Employment and Compensation

| Year | Employment (Number) |                                 |                                   | Compensation (PhP) |                                 |                                   |
|------|---------------------|---------------------------------|-----------------------------------|--------------------|---------------------------------|-----------------------------------|
|      | Total               | Directly involved in production | Indirectly involved in production | Total              | Directly involved in production | Indirectly involved in production |
|      |                     |                                 |                                   |                    |                                 |                                   |
|      |                     |                                 |                                   |                    |                                 |                                   |

Provide details how this factor is indicative of material injury and/or why the expiry of the anti-dumping duty is likely to lead to the continuation or recurrence of injury.

---

---

h. Other Injury Factors

Provide information and/or evidence to support claims of injurious effects (actual or potentials) in any of the following injury factors during the period of review (last three (3) years preceding the date of application and the current year to which data is available) and substantiate how the factor is indicative of material injury and/or why the expiry of the anti-dumping duty is likely to lead to the continuation or recurrence of injury.

Productivity:

---

---

Return on Investments:

---

---

Cash Flow:

---

Ability to Raise Capital or Investment:

---

---

**G. OTHER CAUSES OF INJURY**

14. Provide information and/or evidence to support claims of injurious effects (actual or potential) in any of the following factors other than the dumped imports that have injured, or are injuring, the industry during the period of review (last three (3) years preceding the date of application and the current year to which data is available). Substantiate how any of the following factor/s is indicative of material injury and/or why the expiry of the anti-dumping duty is likely to lead to the continuation or recurrence of injury:

- a. The volume and prices of like products or articles that are not sold at dumped prices;
- b. Reduction in demand or changes in the pattern of consumption;
- c. Restrictive trade practices of, and competition between, overseas and Philippine producers;
- d. Development in technology; and
- e. The export performance of the Philippine producers.

---

---

15. Give any other information relevant to your allegation that the expiry of anti-dumping duty would be likely lead to the recurrence of injury.

---

---

16. Provide any other evidence which you wish to bring to the attention of the investigating authority.

---

---

## CERTIFICATION

I, \_\_\_\_\_, having been authorized to represent  
\_\_\_\_\_(Name of Company), certify that the information  
contained in this submission is complete and accurate to the best of my knowledge.

\_\_\_\_\_  
Signature over printed name

\_\_\_\_\_  
Designation/Position

\_\_\_\_\_  
Date

## **GENERAL INFORMATION AND INSTRUCTIONS**

- A. The domestic producer(s)/applicant(s) is required to accomplish this questionnaire and submit the same to the Tariff Commission within fifteen (15) calendar days from receipt. Please use additional sheet/s if necessary.
  
- B. The domestic producer/applicant providing the information must ensure the following:
  - the questionnaire is completely and accurately filled up;
  - an explanation/justification is provided when data is lacking;
  - a non-confidential version is attached to this Questionnaire; and
  - submission of an Excel file of all price and financial data.
  
- C. Additional information may be required during the expiry review.
  
- C. The Commission's expiry review will commence only upon submission of the fully-accomplished questionnaire and supporting documents by the domestic industry. The domestic producer(s)/applicant(s) will be informed of the commencement of the expiry review.
  
- E. An application for sunset/expiry review will require payment of a filing fee and other applicable fees/charges. Payment shall be made within five (5) calendar days from receipt of Notice of Billing.
